14.12.22 KS1 performance 2pm

14.12.22 KS2 performance 6pm (please let us know in advance if your child is not available for this evening performance)

Due to fire regulations we can only allow 2 tickets per child across the performances (you could either choose both tickets for the same performance or 1 ticket for each). We will be sending an Operoo form for separate key stages on Monday. Please make your booking before this form closes on Wednesday 30th November. Once the form has closed, payments can be made via your sQuid account. Tickets are £1 each. Money raised will finance the performance expenses.

Please note, this booking form may allow you to book more than 2 tickets. However, we would have to cancel orders of more than 2. Thank you for your understanding.

England World Cup

In order to celebrate the start of England's World Cup tournament, the children are invited to wear their football kits or sportswear on Monday 21<sup>st</sup> November.

## Events from this week

### Workshops

Thank you to those parents who were able to join the Y1 phonics workshop and the Y3 reading workshop this week. We have received some fantastic feedback from the parents who attended. We are so pleased that you enjoyed the workshops and found them so informative.

### Anti-bullying Week

The children took part in various activities this week to raise awareness of anti-bullying. Assemblies and in class sessions enabled children to reflect on the theme 'Reach Out'.

### Children in Need

Today, we celebrated Children in Need by completing a 'skipathon' and wearing spots or yellow. Thank you to those of you who donated to this important cause. We raised a total of £173!

### Oral Hygiene Workshops

Thank you to High Green Dental Practise who visited every class this week to talk to the children about good oral hygiene.

### Y5 Visitor

Year 5 enjoyed a visit from Dr Mark Runciman of Imperial College London. He spoke to the children about his innovative soft-robotics designs and how they may be used in minimally invasive surgery. Dr Runciman demonstrated that engineering requires a combination of maths, science and design skills and the children thoroughly enjoyed trying out some of the robotic instruments for themselves!

### Pre-Loved Uniform

Pre-loved school uniform is available in the office. Please feel free to browse and take any items that you will be able to use.
