- Friday 21st June 2pm
- Friday 12th July 2pm

Events this Week

Y5 Bikeability

This week, some of our Year 5 pupils have participated in Bikeability training. This supports children to become more confident cyclists, enables them to identify risks and equips them to cycle safely on the road as well as supporting them to gain independence, social skills, and a sense of wellbeing. Year 5 showed excellent listening skills and contributed well to the sessions. They rode responsibly and safely. Well done!

For more information access the link below.

Whole School Science Workshops

This week, Spark2 came into school and the children took part in a science workshop. 'Time' was the theme of the day and pupils participated and observed various experiments related to how long things take to happen and if these timings can be changed. Everyone was engaged, asked super questions and applied their own scientific knowledge.

Active Travel Challenge Update

The class who made the most active journeys to school are Year 2.

In comparison to other participating Sheffield schools, we are ranked 1st and compared to other schools nationwide, we are ranked 17th.
