<p><b>Y5 Summer Term</b> <b>World Trade</b></p>	<p>World Map Trade route map Commodity/resource map of the world</p>	<p><b>What are the world's biggest supply Chains and transport Routes?</b></p>	<p><b>Which countries import/export the largest amount of food?</b></p>	<p><b>Where are the world's biggest importers and exporters?</b></p> <p><b>Are there patterns to export/import data?</b></p> <p><b>What is the I-Phone Journey?</b></p>	<p><b>How does trade affect changes in culture of a country/area/group/community?</b></p>	<p><b>Investigate natural and manufactured resources from different parts of the world and the impact on livelihoods.</b></p> <p><b>Factors affecting production of materials and goods</b></p> <ul style="list-style-type: none"> <li>• Location</li> <li>• Climate</li> <li>• Geology History</li> </ul>	<p><b>How do large supply chains work effectively in a sustainable way?</b> International Traffic Jams</p> <p><b>How can air pollution be made more sustainable?</b></p> <p><b>What impact do the most popular trade routes have on the environment?</b> Pollution</p> <p><b>What factors affect choices for trade routes? And how do these affect the environment?</b></p> <ul style="list-style-type: none"> <li>• Cost</li> <li>• Distance to travel</li> <li>• Speed</li> </ul> <p><b>Historical Trade Routes</b></p>
<p><b>Computing</b></p>	<p><b>Strand 2 – Communicating: Multimedia</b></p> <p><b>2.5 How do I create a radio advert/podcast?</b> In this unit children will evaluate a range of radio adverts or podcasts and identify their key features: purpose, audience, sound effects, music choice, layers, entertainment factor, clear audio. Children should apply these features to their own work. They will plan, rehearse and record their own script on a given theme. They will learn how to edit audio and add layers. Children will review and evaluate each other's work and suggest improvements.</p> <p><b>Concepts:</b> Machines Program Data</p>	<p><b>Strand 4 – Computational thinking: programming A</b></p> <p><b>4.5 Selection and variables</b> In this unit, children will recognise that we use selection to change what happens in a program, depending on whether a condition is met. They will design and create programs using selection and infinite loops. Children will also recognise and use simple variables to keep score.</p> <p><b>Concepts:</b> Input Repetition</p>	<p><b>Strand 3 – Understanding and sharing data</b></p> <p><b>3.5 How do I find data and share responsibly and safely?</b> In this unit children develop their understanding of internet search technologies and the World Wide Web. They explore the functions that are available to improve how searches are completed. They will also consider validity of information, copyright and responsible use. The children will learn about how they share their data with online</p>	<p><b>Strand 1 – Communicating: Text and images</b></p> <p><b>1.5 How do we collaborate online?</b> In this unit children will learn about the World Wide Web, and explore and use online tools (internet services). They will consider personal safety issues in their use and work collaboratively online with others to refine and share ideas effectively. They will consider copyright and responsible use of information. This builds on knowledge gained in Unit 3.4 and links closely with Unit 3.5.</p>	<p><b>Strand 4 – Computational thinking: programming B</b></p> <p><b>5.5 Simulating physical systems</b> In this unit, children will recognise examples of physical systems controlled by computers. They will be able to name a range of inputs and outputs of physical systems. They will also use repetition, selection and variables to build or simulate a physical system in a suitable application.</p> <p><b>Concepts:</b> Input Output Repetition Selection Variable Physical Systems</p>		

		<b>Selection Variable</b>	sites and games, and what this means.  <b>Concepts:</b> Logic Data Program	<b>Concepts:</b> Logic Abstraction Machines Program Data	
	Strand 0 – What is a computer?  0.5 – Key skills: Becoming and efficient computer user				
<b>Music</b> Y5 Sheffield Singing Hub Expert Teacher Aims and Objectives	<b>Autumn objectives</b> Pupils will be introduced to pulse, exploring a steady beat using walking, moving and clapping. Pupils will be taught to identify changes in speed ( <i>tempo</i> ) Pupils will be introduced to rhythm, using copy-cat patterns including crochet, quavers and rests Pupils will use their voices expressively and creatively using <ul style="list-style-type: none"> <li>• chants</li> <li>• rhythms</li> <li>• raps</li> <li>• body percussion</li> <li>• tongue twisters</li> </ul> Pupils will learn to experiment with sounds using the inter-related dimensions of music <ul style="list-style-type: none"> <li>• duration</li> <li>• structure</li> <li>• tempo</li> <li>• dynamics</li> </ul> Pupils will explore pulse and rhythm to provide a bedrock of music making and quality listening Pupils will listen with attention to detail to recall sounds with increasing aural memory Pupils will learn to understand staff and other musical notations including: <ul style="list-style-type: none"> <li>• simple bars</li> <li>• crochets</li> <li>• quavers</li> <li>• rests</li> </ul> Pupils will begin to feel the weight and stress on words to indicate bars, beat groupings and begin to understand pulse keeping to aid musical precision and speed. Pupils will learn to adapt and create lyrics to a given rhythm understanding how to link each syllable to one musical note	<b>Spring Objectives</b> Pupils will understand the relationship between higher and lower notes. Pupils will be introduced to the word <i>pitch</i> and will understand the context in which this word is used. Pupils will learn to identify and use notes happening at the same time using: <ul style="list-style-type: none"> <li>• match songs</li> <li>• Rounds</li> <li>• Kodaly Method</li> <li>• Simple Harmonies</li> <li>• Visualisations/Notation</li> </ul> Pupils will rehearse to improve aural accuracy and control with a pitch range of do-do Pupils will be introduced to a wide range of call and response songs to control vocal pitch and to match the pitch they hear with accuracy Pupils will be taught to sing collectively and at the same pitch to develop a strong sense of unison Pupils will learn to sing a widening range of rounds and partner songs in different time signatures (2, 3, and 4 time). Pupils will begin to sing songs with small and larger leaps in pitch Pupils will explore singing with different positions in the room, i.e. discrete parts (in 2 circles or 2 separate groups) and non-discrete parts to develop listening skills, balance between parts and vocal independence	<b>Summer Objectives</b> Pupils will identify how to physically prepare to sing including a warm up, breath control and posture, in order to make sure they are best prepared for good singing technique Pupils will be taught to use their voices and bodies expressively by singing songs and speaking chants and rhymes Pupils will learn to identify different inter-related dimensions of music including <ul style="list-style-type: none"> <li>• Dynamics (forte/piano/crescendo/diminuendo)</li> <li>• Structure (Verse/chorus/part 1/part 2/ bridge)</li> <li>• Tempo</li> <li>• Articulation</li> <li>• Expression</li> </ul> Pupils will take ownership of their sound and apply their understanding of music making to their voices and performances Pupils will learn to observe phrasing, accurate pitching and appropriate style Pupils will develop a sense of confidence and ownership of their performances regardless of the size or nature of the stage or performing/recording space Pupils will be taught to engage with an audience Pupils will be taught to respect fellow performers and acknowledge applause Pupils will compare different performance styles and examine what decisions performers have made to best affect their audience Pupils will learn to use expression, including understanding the context and lyrics of a song and the impact of their decisions on an audience Peer feedback will be actively encouraged; creating an environment where pupils can constructively express their thoughts on performances. This is a valuable way to develop listening skills and musical vocabulary  <b>Outcomes</b> Most students will sing confidently and with expression in a performance		

	<p><b>Outcomes</b></p> <p>Most students will confidently sing songs with a sense of pulse, rhythm and expressive voices</p> <p>Most students will identify the difference between a pulse and rhythm and show this in practice</p> <p>Most students will be able to visually identify a crochet, quaver and rest (ta/te-te/rest)</p> <p>Some students might be able to visually identify a semi-quaver rhythm and quaver/semi-quaver rests #</p> <p>Some students might need support with confidently creating their own lyrics to add to a given rhythm</p>		<p>Pupils will create, select and combine sounds using the inter-related dimensions of music</p> <p><b>Outcomes</b></p> <p>Most students will be confident in singing at pitch in unison</p> <p>Most students will be confident singing in simple match songs or rounds</p> <p>Some students might be confident in singing a simple harmony line alongside a unison song</p> <p>Students might need support to sing longer and more complex harmonies or rounds in 3 or 4 parts</p>		<p>Most students will be able to identify the terminology being taught throughout this term and demonstrate it practically</p> <p>Some students will sing solos or in small groups</p> <p>Some students might need support to identify areas in which a performance can improve</p>	
	Aut 1	Aut 2	Spr 1	Spr 2	Sum 1	Sum 2
	<p><b>FOCUS:</b> technical and constructive</p> <p>technical – producing and controlling sound technical – symbol system used to ‘read’ music constructive – interrelated dimensions of music constructive – basic musical form</p>		<p><b>FOCUS:</b> technical, constructive, expressive</p> <p>continuing development of previous term’s technical and constructive components</p> <p>expressive – developing quality of musical sound and awareness of</p>		<p><b>Focus:</b> technical, constructive, expressive</p> <p>increasing focus on expressive component with technical and constructive components accumulated from T1 and T2 continually reinforced leading to more polished performances than previous terms</p>

<b>PE</b>	<b>DAA (GS4PE)</b>  Pupils develop teamwork skills through completion of a number of challenges. Pupils work individually, collaboratively in pairs and groups to solve problems. They are encouraged to be inclusive of others, share ideas to create strategies and plans to produce the best solution to a challenge. Pupils are also given the opportunity to lead a small group. Pupils learn to orientate and navigate using a map.  <b>Key Skills:</b> working as a team, reading a map  <b>Key Concepts:</b> <ul style="list-style-type: none"> <li>● Movement</li> <li>● Coordination</li> <li>● Collaboration</li> <li>● Sequence</li> </ul>	<b>Dance (GS4PE)</b>  Pupils learn different styles of dance, working individually, as a pair and in small groups. In dance as a whole, pupils think about how to use movement to explore and communicate ideas and issues, and their own feelings and thoughts. As they work, they develop an awareness of the historical and cultural origins of different dances. Pupils will be provided with the opportunity to create and perform their work. They will be asked to provide feedback using the correct dance terminology and will be able to use this feedback to improve their work. Pupils will work safely with each other and show respect towards others.  <b>Key Skills:</b> Performing actions, using canon, unison, formation, dynamics, character,	<b>Gymnastics (GS4PE)</b>  Pupils create longer sequences individually, with a partner and a small group. They learn a wider range of actions such as inverted movements to include cartwheels and handstands. They explore partner relationships such as canon and synchronisation and matching and mirroring. Pupils are given opportunities to receive and provide feedback in order to make improvements on their performances. In Gymnastics as a whole, pupils develop performance skills considering the quality and control of their actions.  <b>Key Skills:</b> Symmetrical and asymmetrical balances, straight roll, forward roll, backward roll, straddle roll, cartwheel, bridge,	<b>Cricket (GS4PE)</b>  Pupils develop the range and quality of striking and fielding skills and their understanding of cricket. They learn how to play the different roles of bowler, wicket keeper, fielder and batter. In all games activities, pupils have to think about how they use skills, strategies and tactics to outwit the opposition. In cricket, pupils achieve this by striking a ball and trying to deceive or avoid fielders, so that they can run between wickets to score runs. Pupils are given opportunities to work in collaboration with others, play fairly demonstrating an understanding of the rules, as well as being respectful of the people they play with and against.  <b>Key Skills:</b> Underarm and overarm throwing, catching,	<b>Athletics (GS4PE)</b>  Pupils are set challenges for distance and time that involve using different styles and combinations of running, jumping and throwing. As in all athletic activities, pupils think about how to achieve their greatest possible speed, height, distance or accuracy and learn how to persevere to achieve their personal best. They learn how to improve by identifying areas of strength as well as areas to develop. Pupils are also given opportunities to lead when officiating as well as observe and provide feedback to others. In this unit pupils learn the following athletic activities: running over longer distances, sprinting, relay, long jump, triple jump, shot put and javelin.	<b>Tennis (GS4PE)</b>  Pupils develop their competencies in racket skills when playing Tennis. They learn specific skills such as a forehand, backhand, volley and underarm serve. Pupils are given opportunities to work cooperatively with others and show honesty and fair play when abiding by the rules. Pupils develop their tactical awareness, learning how to outwit an opponent.  <b>Key Skills:</b> Forehand groundstroke, backhand groundstroke, forehand volley, backhand volley, underarm serve  <b>Key Concepts:</b> <ul style="list-style-type: none"> <li>● Movement</li> <li>● Balance</li> <li>● Coordination</li> <li>● Competition</li> <li>● Collaboration</li> <li>● Technique</li> </ul>

		<p>structure, space, emotion, matching, mirroring, transitions</p> <p><b>Key Concepts:</b></p> <ul style="list-style-type: none"> <li>● Movement</li> <li>● Balance</li> <li>● Coordination</li> <li>● Collaboration</li> <li>● Sequence</li> <li>● Evaluation and improvement</li> </ul>	<p>shoulder stand, handstand</p> <p><b>Key Concepts:</b></p> <ul style="list-style-type: none"> <li>● Movement</li> <li>● Balance</li> <li>● Agility</li> <li>● Coordination</li> <li>● Collaboration</li> <li>● Sequence</li> <li>● Technique</li> </ul>	<p>over and underarm bowling, batting, long and short barrier</p> <p><b>Key Concepts:</b></p> <ul style="list-style-type: none"> <li>● Agility</li> <li>● Coordination</li> <li>● Competition</li> <li>● Fairness</li> <li>● Technique</li> </ul>	<p><b>Key Skills:</b> Pacing, sprinting, relay changeovers, jumping for distance and height, push and pull throw for distance</p> <p><b>Key Concepts:</b></p> <ul style="list-style-type: none"> <li>● Movement</li> <li>● Agility</li> <li>● Balance</li> <li>● Coordination</li> <li>● Fitness</li> <li>● Technique</li> <li>● Evaluation and improvement</li> </ul>	
	<p><b>Basketball (GS4PE)</b></p> <p>Pupils will develop key skills and principles such as defending, attacking, throwing, catching, dribbling and shooting. Pupils will learn to use attacking skills to maintain possession as well as defending skills to gain possession. Pupils will be encouraged to work collaboratively to think about how to use skills, strategies and tactics to outwit the opposition. They develop their understanding of the importance of fair play and honesty while self managing games, as well as developing their ability to evaluate their own and others' performances.</p> <p><b>Key Skills:</b> Throwing, catching, dribbling, intercepting, shooting</p> <p><b>Key Concepts:</b></p> <ul style="list-style-type: none"> <li>● Movement</li> <li>● Balance</li> <li>● Agility</li> <li>● Coordination</li> <li>● Competition</li> <li>● Collaboration</li> <li>● Fairness</li> <li>● Technique</li> </ul>	<p><b>Fitness (GS4PE)</b></p> <p>Pupils will take part in a range of fitness challenges to test, monitor and record their data. They will learn different components of fitness including speed, stamina, strength, coordination, balance and agility. Pupils will be given opportunities to work at their maximum and improve their fitness levels. They will need to persevere when they get tired or when they find a challenge hard and are encouraged to support others to do the same. Pupils are asked to recognise areas in which they make the most improvement using</p>	<p><b>Volleyball (GS4PE)</b></p> <p>Pupils focus on developing the skills they need to play continuous rallies in volleyball. They will learn about the ready position, ball control, sending a ball over a net and how to use these skills to make the game difficult for their opponent. In all games activities, pupils have to think about how they use skills, strategies and tactics to outwit the opposition. Pupils will be given the opportunity to work collaboratively with others and will develop confidence to achieve their best. They will understand the importance of abiding by rules to keep themselves &amp;</p>	<p><b>Hockey (GS4PE)</b></p> <p>In this unit pupils will improve their defending and attacking skills playing even-sided games. They will start to show control and fluency in dribbling, sending and receiving a ball in a small game situation and under some pressure. Pupils will be encouraged to think about how to use tactics and collaborate with others to outwit their opposition. Pupils will comment on their own and other's performances and suggest ways to improve. They will also recognise the importance of fair play and honesty while self managing games.</p>	<p><b>Tag Rugby (GS4PE)</b></p> <p>Pupils will develop key skills and principles such as defending, attacking, throwing, catching, running and dodging. When attacking, pupils will support the ball carrier using width and drawing defence. When defending, pupils learn how to tag, how to track and slow down an opponent, working as a defensive unit. They will play collaboratively in both uneven and then even sided games. Pupils will be encouraged to think about how to use skills, strategies and tactics to outwit the opposition. They develop their</p>	<p><b>Sports Day Practice</b></p> <p>Children will practise races such as sprints, skipping, egg and spoon, and the sack race. Pupils will be ranked into seats so they are racing against children of similar ability. The children will also practise team work by taking part in team challenges.</p> <p><b>Key Skills:</b> Running, throwing, catching, teamwork</p> <p><b>Key Concepts:</b></p> <ul style="list-style-type: none"> <li>● Movement</li> <li>● Agility</li> <li>● Coordination</li> <li>● Competition</li> <li>● Collaboration</li> <li>● Fairness</li> <li>● Technique</li> </ul>

		<p>the data they have collected.</p> <p><b>Key Skills:</b> Agility, balance, coordination, speed, stamina, strength, power</p> <p><b>Key Concepts:</b></p> <ul style="list-style-type: none"> <li>• Movement</li> <li>• Balance</li> <li>• Agility</li> <li>• Coordination</li> <li>• Fitness</li> <li>• Sequence</li> <li>• Evaluation and improvement</li> </ul>	<p>others safe. Pupils will develop character and control through engaging with coping strategies when exposed to competition and will be given the opportunity to take on the role of referee.</p> <p><b>Key Skills:</b> Volleying, throwing, serving, ready positions</p> <p><b>Key Concepts:</b></p> <ul style="list-style-type: none"> <li>• Movement</li> <li>• Balance</li> <li>• Agility</li> <li>• Coordination</li> <li>• Competition</li> <li>• Collaboration</li> <li>• Fairness</li> <li>• Technique</li> <li>• Tactics</li> </ul>	<p><b>Key Skills:</b> Dribbling, passing, receiving, tackling, creating and using space</p> <p><b>Key Concepts:</b></p> <ul style="list-style-type: none"> <li>• Movement</li> <li>• Balance</li> <li>• Agility</li> <li>• Coordination</li> <li>• Competition</li> <li>• Collaboration</li> <li>• Fairness</li> <li>• Technique</li> </ul>	<p>understanding of the importance of fair play and honesty while self managing games, as well as developing their ability to evaluate their own and others' performances.</p> <p><b>Key Skills:</b> Throwing, catching, running, dodging, tagging, scoring</p> <p><b>Key Concepts:</b></p> <ul style="list-style-type: none"> <li>• Movement</li> <li>• Balance</li> <li>• Agility</li> <li>• Coordination</li> <li>• Competition</li> <li>• Collaboration</li> </ul>	
--	--	--	--	---	--	--

**Art & Design**

  
Collage/ mixed media

Research:

**Robert Rauschenberg**

What do the colours suggest? Emotions? Feelings? How was the artist feeling when he painted the piece? Why? What impact does the composition have?

Developing skills:

Layering a range of media – paint, magazines, pastels, chalk etc.

What different effects can they create?

  
Drawing

**Research:** Figurative artists and in depth research into Leonardo Da Vinci

How has the human figure been a subject for many artists? How has the body been depicted in different ways? How has it been portrayed in sculpture, paint etc. Links to Y2 topic (Angel of the North; Henry Moore etc).

Developing skills:

Experiment creating different figures using a range of drawing materials (pen, chalk, pastels)

  
Painting

**Research:**

**Edvard Munch**

Focus on the feelings and emotions portrayed within the piece. How significant is the name? What does it suggest?

Developing skills:

Colour mixing

Warm and cold colours

	<p>Different compositions / colour choices?</p> <p>Experimentation with collage:</p> <p><a href="https://classroom.thenational.academy/lessons/introduction-to-collage-and-experimentation-with-paper-cgvpcd?activity=video&amp;step=1">https://classroom.thenational.academy/lessons/introduction-to-collage-and-experimentation-with-paper-cgvpcd?activity=video&amp;step=1</a></p> <p>Applying skills:</p> <p>Collage depicting a volcanic eruption in the style of Rauschenberg. Group piece.</p> <p>Evaluation:</p> <p>Each group to prepare their 'artist's intent' to go alongside their artwork.</p> <p>Other groups to assess whether they have achieved their intent and how they could have done it more effectively or differently.</p> <p>Formal Elements:</p> <p>Line</p> <p>Colour</p> <p>Tone</p> <p>shape</p> <p>space</p> <p>form</p> <p>texture</p>	<p>Can they draw from memory or using their imaginations?</p> <p>Can the figures be in different positions?</p> <p>Explore relationships between line, shape, tone and texture</p> <p>NSEAD lesson:</p> <p><a href="https://www.nsead.org/resources/units-of-work/uow-drawing-figures/">https://www.nsead.org/resources/units-of-work/uow-drawing-figures/</a></p> <p>Applying skills:</p> <p>Drawing a Tudor portrait of Henry VIII's wives in proportion</p> <p>Evaluation:</p> <p>Class 'Art Gallery'</p> <p>What do you like about your work?</p> <p>How does your work compare to the work of others?</p> <p>Formal Elements:</p> <p>Line</p> <p>Shape</p> <p>Form</p> <p>tone</p>	<p>Contrasting colours</p> <p>Testing different paints (water colour, acrylic, powder)</p> <p>Work from a variety of sources</p> <p>Colour mixing:</p> <p><a href="https://classroom.thenational.academy/lessons/mixing-colours-workshop-68r62c?activity=video&amp;step=1">https://classroom.thenational.academy/lessons/mixing-colours-workshop-68r62c?activity=video&amp;step=1</a></p> <p>Applying skills:</p> <p>Creating an image depicting the 'Industrial Revolution' using 'The Scream' as inspiration. How can children portray feelings and emotion within a painting?</p> <p>Evaluation:</p> <p>Self assessment</p> <p>Compare own piece with Edvard Munch</p> <p>What have we kept similar? Different? How emoticon is the piece? Why?</p> <p>Formal Elements:</p> <p>Line</p> <p>Colour</p> <p>Tone</p> <p>shape</p> <p>space</p> <p>form</p> <p>texture</p>
<p><b>Design and technology</b></p>	<p>Computer control</p> <p>Create a celebration card with a light up element for a friend.</p>	<p>Mechanisms – levers/cams and followers etc</p> <p><b>To make a moving model volcano</b> NC: understand and use mechanical systems in their products [for example, gears, pulleys, cams, levers and linkages]</p> <p><u>Investigate, disassembly, evaluate: Cams</u></p>	<p>Structure</p> <p><b>Create a bird hide</b></p> <p>NC: apply their understanding of how to strengthen, stiffen and reinforce more complex structures</p>

**Skill retrieval from previous years:** Series, parallel, simple circuits, switches, structures, strengthening and stiffening, levers and sliders, computer control

**Investigate, disassembly, evaluate:**

- Explore and investigate light up christmas cards.

**Focus Practical tasks:**

- Make simple series circuits

**Design:**

- Communicate their ideas through detailed labelled drawings
- Explore, develop and communicate aspects of their design proposals by modelling their ideas in a variety of ways

**Make**

- Create the circuit and other aesthetic parts of the Christmas Card
- Select appropriate tools, materials, components and techniques  
Make modifications as they go along

**Evaluate**

- Evaluate their products, identifying strengths and areas for development, and carrying out appropriate tests
- Record their evaluations using drawings with labels
- Evaluate against their original criteria and suggest ways that their product could be improved

Look at a variety of different toys/ structures which use Cams

Use knowledge of inventors, designers, engineers, chefs and manufacturers who have developed ground-breaking products to create their own innovative designs.

**Focus Practical tasks:** Investigate the shape of cams and the difference this has on the movement.

Make a simple Cam to control movement within an object.

Investigate how to join materials using appropriate methods.  
Use a hand drill to drill tight and loose fit holes.

**Design**

**Use what they have learnt to design a volcano which erupts using a cam mechanism,**

Communicate their ideas through detailed labelled drawings Develop a design specification  
Generate ideas through brainstorming and identify a purpose for their product  
Draw up a specification for their design  
Develop a clear idea of what has to be done, planning how to use materials, equipment and processes, and suggesting alternative methods of making if the first attempts fail  
Use results of investigations, information sources, including ICT when developing design ideas

**Make**

**Make a moving model volcano**

Select appropriate tools, materials, components and technique  
Assemble components make working models  
Make modifications as they go along  
Select appropriate materials, tools and techniques. Measure and mark out accurately  
Use skills in using different tools and equipment safely and accurately

**Investigate, disassembly, evaluate:**

Children investigate and make annotated drawings of a range of portable and permanent frame structures,

Children could research key events and individuals related to their study of frame structures e.g. Stephen Sauvestre – a designer of the Eiffel Tower; Thomas Farnolls Pritchard – designer of the Iron Bridge. They could also learn about locally important design and technology activity related to their project

**Focus Practical tasks:**

Use a construction kit consisting of plastic strips and paper fasteners to build 2-D frameworks. Compare the strength of square frameworks with triangular frameworks. Ask the children to reinforce square frameworks using diagonals to help develop an understanding of using triangulation to add strength to a structure.

- Demonstrate how paper tubes can be made from rolling sheets of newspaper diagonally around pieces of e.g. dowel. Ask children to use these tubes and masking tape or paper straws with pipe cleaners to build 3-D frameworks such as cubes, cuboids and pyramids. *How could each of the frameworks be reinforced and strengthened?*
- Demonstrate the accurate use of tools and equipment. Develop skills and techniques using junior hacksaws, G-clamps, bench hooks, square section wood, card triangles and hand drills to construct wooden frames, as appropriate.

- Demonstrate skills and techniques for accurately joining framework materials together e.g. paper straws, square sectioned wood. Ask children to practise these, mounting their joints onto card for future reference.

**Design:**

Children should be encouraged to generate innovative ideas, drawing on their research. Ask children to develop a simple design specification to guide their thinking.

- Children should produce a detailed, step-by-step plan, listing tools and materials.
- Children's sketches should be annotated with notes to help develop and communicate their ideas.

Model ideas first

**Make**

Formulate a clear plan, including a step-by-step list of what needs to be done and lists of resources to be used.

- Competently select from and use appropriate tools to accurately measure, mark out, cut, shape and join construction materials to make frameworks.

				<p>Cut and join with accuracy to ensure a good-quality finish to the product</p> <p><b>Evaluate</b></p> <p>Evaluate the product Evaluate a product against the original design specification Evaluate it personally and seek evaluation from others against the original criteria and suggest ways it can be improved.</p>		<p>• Use finishing and decorative techniques suitable for the product they are designing and making</p> <p><b>Evaluate</b></p> <p><b><u>Critically evaluate their products against their design specification, intended user and purpose, identifying strengths and areas for development, and carrying out appropriate tests.</u></b></p>
<b>RE</b>	What does it mean if Christians believe God is holy and loving?	What does it mean to be a Muslim in Britain today?	Why do Christians believe Jesus was the Messiah?	Why is the Torah so important to Jewish people?	Christians and how to live: "What would Jesus do?"	What matters most to Humanists and Christians?
