Reading Focus	<p>Reading focus:</p> <ul style="list-style-type: none"> -Fluently and effortlessly reading a wide range of age appropriate texts. -Determining the meaning of new words by applying knowledge of the root words, prefixes and suffixes (morphology and etymology) - Reading further exception words (Y5/6 list), noting the unusual correspondences between spelling and sound, and where these occur in the word. (KPI) -Making predictions based on more than one piece of evidence. - When reading silently, checking that the text 	<p>Reading focus:</p> <ul style="list-style-type: none"> -Fluently and effortlessly reading a wide range of age appropriate texts. -Determining the meaning of new words by applying knowledge of the root words, prefixes and suffixes (morphology and etymology) - Reading further exception words (Y5/6 list), noting the unusual correspondences between spelling and sound, and where these occur in the word. (KPI) -Making predictions based on details stated and implied. Recognising themes and making comparisons within and across texts of characters, settings, themes 	<p>Reading focus:</p> <ul style="list-style-type: none"> -Fluently and effortlessly reading a wide range of age appropriate texts. -Determining the meaning of new words by applying knowledge of the root words, prefixes and suffixes (morphology and etymology) - Reading further exception words (Y5/6 list), noting the unusual correspondences between spelling and sound, and where these occur in the word. (KPI) -Identifying key details that support main ideas, précis paragraphs and summarising content drawn from longer texts. 	<p>Reading focus:</p> <ul style="list-style-type: none"> -Fluently and effortlessly reading a wide range of age appropriate texts. -Determining the meaning of new words by applying knowledge of the root words, prefixes and suffixes (morphology and etymology) - Reading further exception words (Y5/6 list), noting the unusual correspondences between spelling and sound, and where these occur in the word. (KPI) -In non-fiction, retrieving records and presenting information to other readers both formally and informally 	<p>Reading focus:</p> <ul style="list-style-type: none"> -Fluently and effortlessly reading a wide range of age appropriate texts. -Determining the meaning of new words by applying knowledge of the root words, prefixes and suffixes (morphology and etymology) - Reading further exception words (Y5/6 list), noting the unusual correspondences between spelling and sound, and where these occur in the word. (KPI) -Explaining how language, including figurative language, is used to contribute to meaning with evidence from the text. 	<p>Reading focus:</p> <ul style="list-style-type: none"> -Fluently and effortlessly reading a wide range of age appropriate texts. -Determining the meaning of new words by applying knowledge of the root words, prefixes and suffixes (morphology and etymology) - Reading further exception words (Y5/6 list), noting the unusual correspondences between spelling and sound, and where these occur in the word. (KPI) -Checking understanding using a range of comprehension strategies (see reading glossary), explaining and discussing their understanding of what

Writing Focus	Main focus: 1.Narrative -1 st person Dramatic events Skills – passive cohesive devices, adverbials, dialogue to progress 2. instructions Skills – relative clauses, layout features, commands, use of punctuation to avoid ambiguity Oral: rehearsal of oral commands 3. Oral: Poetry	Main focus: 1.Narrative – 1 st person Writing in role Emotional responses Skills, use of punctuation to avoid ambiguity, knowledge of informal language 2. Non-fiction. Newspapers with Bias Skills – passive voice, relative clauses to add detail, direct speech formal/informal language 3. Oral: Poetry	Main focus: 1.Narrative – 3 rd person settings comparing atmosphere Skills – cohesive device, expanded noun phrases, varied vocabulary 2.Persuasive writing (historical) Skills – formal register, archaic vocabulary, use of stylistic devices e.g. alliteration, metaphor 3. Oral: poetry, Performance – iambic pentameter	Main focus: 1.non-chronological report Skills – cohesion, formal writing, passive voice 2. persuasion – layout features, exaggeration, command Oral: creating and rehearsing persuasive language	Main focus: 1.Narrative – 1 st person writing in role Skills- showing emotions through stylistic devices, passive, informal register 2.Formal letter Skills – cohesion, paragraphing, punctuation to avoid ambiguity Oral: debate, hotseating	Main focus: 1.Narrative – w1st person writing in role Skills- showing emotions through stylistic devices, passive, informal register 2.Balanced argument Skills – formal language, technical vocabulary, cohesive devices Oral: debate
Vocabulary Grammar and Punctuation ONGOING	Word	The difference between vocabulary typical of informal speech and vocabulary appropriate for formal speech and writing [for example, <i>find out – discover; ask for – request; go in – enter</i>] How words are related by meaning as synonyms and antonyms [for example, <i>big, large, little</i>].				
Sentence	Use of the passive to affect the presentation of information in a sentence [for example, <i>I broke the window in the greenhouse</i> versus <i>The window in the greenhouse was broken (by me)</i>]. The difference between structures typical of informal speech and structures appropriate for formal speech and writing [for example, the use of question tags: <i>He's your friend, isn't he?</i> , or the use of subjunctive forms such as <i>If I were</i> or <i>Were they to come</i> in some very formal writing and speech]					
Text	Linking ideas across paragraphs using a wider range of cohesive devices : repetition of a word or phrase, grammatical connections [for example, the use of adverbials such as <i>on the other hand, in contrast, or as a consequence</i>], and ellipses Layout devices [for example, headings, sub-headings, columns, bullets, or tables, to structure text]					
Punctuation	Use of the semi-colon, colon and dash to mark the boundary between independent clauses [for example, <i>It's raining; I'm fed up</i>] Use of the colon to introduce a list and use of semi-colons within lists Punctuation of bullet points to list information How hyphens can be used to avoid ambiguity [for example, <i>man eating shark</i> versus <i>man-eating shark</i> , or <i>recover</i> versus <i>re-cover</i>]					
Terminology for pupils	subject, object active, passive synonym, antonym ellipsis, hyphen, colon, semi-colon, bullet points					
Science	<u>Animals including Humans</u> We identify and name the main parts of the human circulatory system, and describe the functions of the heart, blood vessels and blood We recognise the impact of diet, exercise, drugs and lifestyle on the way their bodies function We describe the ways in which nutrients and water are transported within animals, including humans. William Harvey Disciplinary (Working Scientifically) Concepts: <ul style="list-style-type: none"> Asking question 	<u>Electricity</u> We associate the brightness of a lamp or the volume of a buzzer with the number and voltage of cells used in the circuit We compare and give reasons for variations in how components function, including the brightness of bulbs, the loudness of buzzers and the on/off position of switches We use recognised symbols when representing a simple circuit in a diagram. James Watt Name electrical components Compare different circuits Explain impact of changing components Disciplinary (Working Scientifically) Concepts:	<u>Living Things</u> -We describe how living things are classified into broad groups according to common observable characteristics and based on similarities and differences, including microorganisms, plants and animals We give reasons for classifying plants and animals based on specific characteristics. Carl Linnaeus Disciplinary (Working Scientifically) Concepts: <ul style="list-style-type: none"> Asking question Making predictions Setting up tests Observing and measuring Recording data 	<u>Evolution</u> recognise that living things have changed over time and that fossils provide information about living things that inhabited the Earth millions of years ago recognise that living things produce offspring of the same kind, but normally offspring vary and are not identical to their parents identify how animals and plants are adapted to suit their environment in different ways and that adaptation may lead to evolution. Charles Darwin Mary Anning Primary Science 168 Teaching Adaptation	<u>Light</u> We recognise that light appears to travel in straight lines We use the idea that light travels in straight lines to explain that objects are seen because they give out or reflect light into the eye We explain that we see things because light travels from light sources to our eyes or from light sources to objects and then to our eyes We use the idea that light travels in straight lines to explain why shadows have the same shape as the objects that cast them. Thomas Edison Disciplinary (Working Scientifically) Concepts: <ul style="list-style-type: none"> Asking question Making predictions Setting up tests Observing and measuring Recording data Interpreting and communicating results

					Rivers Mountains which would support/hinder an invasion					
	Y6 Spring term Rivers Journey to the River Sea	Lines of Longitude and Latitude coordinates for Key countries UK River Maps World River Maps	Size of rivers	Where in the world is the river xxx? What rivers are found in our local area? Names of rivers in the UK/Europe? What are the names of the most important major rivers of the world?	Why do people settle near rivers? What are these places like?	Why do some rivers have a religious significance? River Ganges most famous Hinduism	How might a river support a community/employment? Homes HEP Transport-people and goods Growing Crops	How can flooding be prevented? Flood prevention Thames Barrier Flood defenses Embankment Damming of a river Litter and Pollution Irrigation	How does flooding affect the land temporarily/permanently? Flooding issues- roads/homes damaged. Disease Livestock/people affected. Pollution How has river use changed over time? Leisure Employment Fish environment	Revision of the water cycle? What is a river? How do rivers/bodies of water play a part in the water cycle? What are the names/features/stages of a river? Why does a river flood?
	Y6 Summer term Biomes	Biome Map of the world Lines of Latitude and Longitude Rainfall graphs Temperature Graphs Climate graphs	What is the global distribution of biomes? Scale of different biomes in the world largest/smallest	Where are the different biomes in the world? continent nearby oceans/seas	What are the unique characteristics of each biome? Physical features Human features	How do different cultures adapt to living in different biomes? Homes/Clothes/food	How are plants animals and the climate connected? How do different biomes support food/medicines/products?	How can biomes be made sustainable?	How do biomes change over time?	What is a biome? What are the features of the different biomes? How do lines of Lat/Long link to climate? Difference between weather/climate Climate zones How does climate change impact biomes?
Computing	Strand 3 – Understanding and sharing data 3.6 Why do we use spreadsheets? In this unit children will learn to use a spreadsheet to develop and explore mathematical models. (A spreadsheet is a computer program which organises data into rows and columns which can be manipulated and used in calculations). Children will input data into a spreadsheet for a given purpose; make predictions and explore the effects of changing the	Strand 1 – Communicating: Text and images 1.6 How do I use a computer to present information effectively? In this unit children will combine media to create a multimedia presentation. They will plan out, considering audience and features of an effective presentation. Children will evaluate and refine the content according to feedback Creating Media Design and development	Strand 4 – Computational thinking: programming A 4.6 Writing complex programs In this unit, children will recognise and use sequence, repetition, selection and variables to create complex programs. They will combine variables with operators to determine when a program changes. Algorithms Design & Development Effective use of tools Programming	Strand 2 – Communicating: Multimedia 2.6 What makes an excellent film? Children will learn about the features of a good film. They will identify different camera angles used in filmmaking and discuss their effect. They will apply this knowledge in their own planning and filming. They will learn the basics of editing video clips and adding effects. Children will review and	Strand 4 – Computational thinking: programming B 5.6 Real world applications In this unit, children will recognise examples of real-world applications controlled by computers. They will use sequence, repetition, selection and variables to design and create a real-world physical system or application.					

	<p>data. They will also explore how formulae are used.</p> <p>Algorithms Data and information</p>	<p>Effective use of tools Impact of technology</p>		<p>evaluate their film and edit their work to improve it. All films in the UK have a PEGI rating – discuss what kind of content affects the rating</p> <p>Creating Media Design and Development Effective use of tools Impact of technology</p>	<p>Algorithms Creating Media Effective use of tools Programming</p>

Strand 0 – What is a computer?
0.6 – Key skills: Understanding the computer

Music	<p align="center"><u>Autumn Spring & Summer</u> <u>Ukuleles.</u></p> <p align="center">Performance Purpose: Filmed on iPads for the whole school performance</p> <p>The Y6's spend 30 weeks learning the ukulele together as a class ensemble as part of their access to wider opportunities in the field of music, as an integral part of national curriculum music lessons. The class will learn up to 6 chords (major and minor), plentiful repertoire and will also begin to learn how to read and play from Tablature (fret number-based stave reading). They will learn rhythm, chords and will develop ensemble musicianship skills.</p> <p>The course will conclude with a performance opportunity to allow for parental and whole school engagement. Alongside this, children will learn about rhythm, notation, genre, tempo, pitch and dynamics</p> <p align="center"><u>Skills covered</u></p> <p align="center">Play a musical instrument with the correct technique within the context of the Unit song. Select and learn an instrumental part that matches their musical challenge, using one of the differentiated parts – a one-note, simple or medium part or the melody of the song from memory or using notation. To rehearse and perform their part within the context of the Unit song. To listen to and follow musical instructions from a leader. To lead a rehearsal session. Improvise using instruments in the context of a song to be performed. Create simple melodies using up to five different notes and simple rhythms that work musically with the style of the Unit song. Listen to and reflect upon the developing composition and make musical decisions about how the melody connects with the song.</p>

				Build structure sections of music into a bigger piece and perform	<ul style="list-style-type: none"> ● Range of instruments ● Number of voices ● How are they used during the song? ● Identify a hook 	Musical Dimensions used in the song
Playing	Ukulele – Chords Children will be introduced to the ukulele including it's origins. They will learn how to correctly hold and care for the instrument. Children will learn chords through playing songs from a variety of genres.		Ukulele – Notation and strumming The Spring term will continue to embed the children's playing of chords by revisiting songs from the Autumn term. They will also begin to play individual notes. Children will be introduced to tablature and standard notation and, by the end of the unit, should be able to play a simple melody from a score.		Ukulele – Composition and Performance The Summer Term will bring together all of the children's previous learning, playing simple melodies of chord sequences. They will begin to compose chord sequences and investigate how notes sound when played alongside chords through improvisation. The children will also focus on performance as they prepare for the school end of year showcase.	
Composition	Identify chord patterns		Make own chord patterns		Make own chord patterns	
Performance	Harvest Festival Performance	Christmas Performance Christmas Pantomime External Violin Quarter	Video Ukulele performance in class for analysis	Ukulele performance Joint Federation	Ukulele Performance for parents Y6	Y6 leaving production for the school and for parents
PE	Football (GS4PE) Pupils will improve their defending and attacking play, developing further knowledge of the principles and tactics of each. Pupils will begin to develop consistency and control in dribbling, passing and receiving a ball. They will also learn the basics of goalkeeping. Pupils will evaluate their own and other's performances, suggesting improvements. They will learn the importance of playing games fairly, abiding by the rules of the game and being respectful of their teammates, opponents and referees. <u>Key Skills:</u> Dribbling, passing, ball control, tracking, jockeying, turning, goalkeeping Key Concepts: <ul style="list-style-type: none"> ● Movement ● Balance 	Dance (GS4PE) Pupils will focus on developing an idea or theme into dance choreography. They will work in pairs and groups using different choreographing tools to create dances e.g. formations, timing, and dynamics. Pupils will have opportunities to choreograph, perform and provide feedback on dance. Pupils think about how to use movement to convey ideas, emotions, feelings and characters. Pupils will show an awareness of keeping others safe and will have the opportunity to lead others through short warm ups. <u>Key Skills:</u> Movement to a beat, combing actions, combining stories Key Concepts: <ul style="list-style-type: none"> ● Movement ● Balance 	Gymnastics (GS4PE) Pupils use their knowledge of compositional principles e.g. how to use variations in level, direction and pathway, how to combine and link actions, how to relate to a partner and apparatus, when developing sequences. They build trust when working collaboratively in larger groups, using formations to improve the aesthetics of their performances. Pupils are given opportunities to receive and provide feedback in order to make improvements on performances. In Gymnastics as a whole, pupils develop performance skills considering the quality and control of their actions. <u>Key Skills:</u> Straddle roll, forward roll, backward roll, counterbalance, countertension, group balances, cartwheel, bridge, shoulder stand, handstand, headstand, vault	Gymnastics (GS4PE) Pupils use their knowledge of compositional principles e.g. how to use variations in level, direction and pathway, how to combine and link actions, how to relate to a partner and apparatus, when developing sequences. They build trust when working collaboratively in larger groups, using formations to improve the aesthetics of their performances. Pupils are given opportunities to receive and provide feedback in order to make improvements on performances. In Gymnastics as a whole, pupils develop performance skills considering the quality and control of their actions. <u>Key Skills:</u> Straddle roll, forward roll, backward roll,	Athletics (GS4PE) Pupils are set challenges for distance and time that involve using different styles and combinations of running, jumping and throwing. As in all athletic activities, pupils think about how to achieve their greatest possible speed, height, distance or accuracy and learn how to persevere to achieve their personal best. They learn how to improve by identifying areas of strength as well as areas to develop. Pupils are also given opportunities to lead when officiating as well as observe and provide feedback to others. In this unit pupils learn the following athletic activities:	Tennis (GS4PE) Pupils develop their racket skills when playing tennis. They learn specific skills such as a forehand, backhand, volley and underarm serve. Pupils develop their tactical awareness including how to play with a partner and against another pair. They are encouraged to show respect for their teammates as well as their opponents when self managing games. Pupils are also given opportunities to reflect on their own and other's performances and identify areas to improve. <u>Key Skills:</u> Forehand groundstroke, backhand groundstroke, forehand volley, backhand volley, underarm serve, split step

	<p>Rounders (GS4PE)</p> <p>Pupils develop the quality and consistency of their fielding skills and understanding of when to use them such as throwing underarm and overarm, catching and retrieving a ball. They learn how to play the different roles of bowler, backstop, fielder and batter and to apply tactics in these positions. In all games activities, pupils have to think about how they use skills, strategies and tactics to outwit the opposition. Pupils work with a partner and group to organise and self-manage their own games. Pupils play with honesty and fair play when playing competitively.</p> <p>Key Skills: Throwing and catching tracking, fielding and retrieving a ball, batting</p> <p>Key Concepts:</p> <ul style="list-style-type: none"> • Agility • Coordination • Competition • Fairness • Technique 	<p>Dodgeball (GS4PE)</p> <p>Pupils will improve on key skills used in dodgeball such as throwing, dodging and catching. They also learn how to select and apply tactics to the game to outwit their opponent. In dodgeball, pupils achieve this by hitting opponents with a ball whilst avoiding being hit. Pupils are given opportunities to play games independently and are taught the importance of being honest whilst playing to the rules. Pupils learn officiating skills when refereeing games and are given opportunities to evaluate and suggest improvements to their own and others' performances.</p> <p>Key Skills: Throwing, catching, dodging, blocking</p> <p>Key Concepts:</p> <ul style="list-style-type: none"> • Movement • Agility • Competition • Collaboration • Fairness 	<p>Badminton</p> <p>Badminton is a net and wall game. In this unit pupils develop their understanding of the principles of net and wall games. In all games activities, pupils have to think about how they use skills, strategies and tactics to outwit the opposition. In badminton, they do this by placing an object away from an opponent to make it difficult for them to return. Pupils are given opportunities to work in collaboration with others, play fairly demonstrating an understanding of the rules, as well as being respectful of the people they play with and against.</p> <p>Key Skills: Agility, balance, coordination, speed, stamina, strength, power</p> <p>Key Concepts:</p> <ul style="list-style-type: none"> • Movement • Balance • Agility • Coordination • Fitness • Sequence • Evaluation and improvement • 	<p>Yoga (GS4PE)</p> <p>Pupils learn about mindfulness and body awareness. They learn yoga poses and techniques that will help them to connect their mind and body. The unit looks to improve well being by building strength, flexibility and balance. The learning includes breathing and meditation taught through fun and engaging activities. Pupils will be given the opportunity to work collaboratively with others and be given the opportunity to create their own flows and lead others.</p> <p>Key Skills: Balance, flexibility, strength, coordination</p> <p>Key Concepts:</p> <ul style="list-style-type: none"> • Balance • Coordination • Fitness • Sequence <p>Technique</p>	<p>Netball (GS4PE)</p> <p>In this unit pupils will develop defending and attacking play during even-sided 5-a-side netball. Pupils will learn to use a range of different passes to keep possession and attack towards a goal. Pupils will be encouraged to work collaboratively to think about how to use skills, strategies and tactics to outwit the opposition. They will start to show control and fluency when passing, receiving and shooting the ball. They will learn key rules of the game such as footwork, held ball, contact and obstruction. Pupils also develop their understanding of the importance of fair play and honesty while self managing games.</p> <p>Key Skills: passing, catching, footwork, intercepting, shooting</p> <p>Key Concepts:</p> <ul style="list-style-type: none"> • Agility • Coordination • Fitness • Collaboration • Competition • Technique • 	<p>Golf (GS4PE)</p> <p>Pupils will develop skills and apply them to striking, chipping, putting and playing a short and long game. They will develop their coordination, accuracy and control of movements. These lesson plans will enable teachers to provide pupils with activities that help them understand the principles of golf and develop fluid movements that can be used in game situations. They will be confident in selecting the appropriate shot for the situation. Pupils will be asked to observe and recognise improvements for their own and others' skills and identify areas of strengths. Pupils will be given the opportunity to work on their own and others, taking turns and sharing ideas. Pupils will be creative in designing their own course.</p> <p>Key Skills: Accuracy, balance, co-ordination, striking</p> <p>Concepts:</p> <ul style="list-style-type: none"> • Movement • Balance • Agility • Coordination • Competition
ART & Design	<p>Drawing</p> <p>Research: Perspective Developing skills: Experiment creating different scenes using a range of drawing materials (pen, chalk, pastels) Can they draw from memory or using their imaginations? Explore relationships between line, shape, tone, texture and space Applying skills: creating a street / image in perspective which conveys a certain mood/feeling</p>		<p>Printing and mixed media (layered printing)</p> <p>Research: Fauvism 'Matisse emerged as the leader of the group, whose members shared the use of intense colour as a vehicle for describing light and space, and who redefined pure colour and form as means of communicating the artist's emotional state' How have a range of artists used colour to communicate and 'emotional state'? Links with Y5 Robert Rauschenberg. Matisse</p>		<p>3D form</p> <p>Research: architecture with a focus on Gaudi (fantasy lands) Look at a range of architects and architecture (including links to Y3 Greek architecture). How do different buildings compare? Why have they been built in the style they have? Functionality? Style? Conventions? How/why do Gaudi's buildings differ? Impact? Developing skills: Model making Mixed media experimentation (card, clay) Using tools</p>	

	<p>Evaluation: children evaluate use of tone to convey mood</p> <p>Formal Elements: tone line shape space form</p>	<p>Study into his range of work - mixed media, layering, drawing, printing. Why have colours been arranged like they have? Contrast? How and why did his art change through time? Which style of Matisse's work do the chn prefer? Why?</p> <p>Developing skills: Practise printing Experiment with layering prints onto different paper. Incorporate collage. Adding different mixed media</p> <p>Experimentation with collage: https://classroom.thenational.academy/lessons/introduction-to-collage-and-experimentation-with-paper-cgvpcd?activity=video&step=1</p> <p>Making a stamp for printing: https://classroom.thenational.academy/lessons/making-your-own-stamps-for-printmaking-6mvk6t?activity=video&step=1</p> <p>Making a collagraph print: https://classroom.thenational.academy/lessons/making-a-collagraph-print-c4rk6d?activity=video&step=1</p> <p>Applying skills: Children to create their own mixed media print in the style of Matisse. Children to choose a suitable title/name for their piece of art. Consider what stimulus they could have for this – a piece of music? Poem? Experience? Emotion? Representation of them?</p> <p>Evaluation: How easy was it to layer the printing? Was the overall composition successful? Does the piece represent 'you'?</p> <p>Formal Elements: line shape colour form texture space</p>	<p>Shape Form</p> <p>NSEAD, architecture (engaging boys): https://www.nsead.org/resources/units-of-work/uow-drawing-boys-gone/</p> <p>Applying skills: Design and form own fantasy land linked to English and inspired by Gaudi architecture/mosaic work</p> <p>Evaluation: Have you emulated the design elements used by Gaudi?</p> <p>Formal Elements: Line Shape Form Space Texture Colour</p>
	<p>Y6 RETRIEVAL PRACTICE AUTUMN TERM</p> <ul style="list-style-type: none"> I can confidently draw a range of lines and shapes which are in proportion to each other I can create different tones and shades with different media 		

	<ul style="list-style-type: none"> I can create different textures using hatching, cross-hatching, scumbling, stippling to create realistic effects I can sketch using the rules of proportions (for a face) <p>FOLLOWING UNIT of work</p> <ul style="list-style-type: none"> I can create different tones and shades (including to show dimensions) I can create different textures using hatching, cross-hatching, scumbling, stippling to create realistic effects I can include perspective in my drawings I have an understanding of scale and proportions, foreground and background 		
Design & Technology	<p>Electrical Design and produce an alarm system which alerts when a charity collection box is removed. NC Technical Knowledge: understand and use electrical systems in their products [for example, series circuits incorporating switches, bulbs, buzzers and motors]</p> <p>Skill retrieval from previous years: Series, parallel, simple circuits, switches, Structures (free standing, shell), strengthening and stiffening, levers and sliders</p> <p>Investigate, disassembly, evaluate:</p> <ul style="list-style-type: none"> Explore and investigate everyday appliances that use electricity Investigate alarms for different uses Investigate use of different circuits <p>Focus Practical tasks:</p> <ul style="list-style-type: none"> Make simple series circuits Explore and develop electrical circuits including those using switches Investigate switches for different purposes <p>Design:</p> <ul style="list-style-type: none"> Use a comprehensive labelled diagram to design their own alarm system which works through an electronic circuit Communicate their ideas through detailed labelled drawings Develop a design specification <p>Make</p> <ul style="list-style-type: none"> Using at least one electronic circuit, children to make a working alarm. French	AUTUMN TERM		SPRING TERM		SUMMER TERM												
	<p>Phonetics lessons 1-3 (XT) In these three sequential lessons, pupils will learn a selection of the key phonemes to facilitate accurate and authentic pronunciation as part of their language learning experience.</p> <p>The Date (IN) Days of the week, months of the year and numbers 1-31 will be introduced, revised and consolidated, so, by the end of this unit, pupils will have the knowledge and skills to say the date and when their birthday is in French.</p>	<p>Do You Have a Pet? (IN) By the end of this unit pupils will have the knowledge and skills to present both orally and in written form about the pets they have and/or do not have in French. They will move from 1st person singular to 3rd person singular verb usage so they are able to say what the pet is called and use conjunctions more confidently.</p>	<p>Clothes (IN) By the end of this unit pupils will have the knowledge and skills necessary to describe what they are wearing in French. This is a unit that brings together much of the grammar covered in our Intermediate teaching type (nouns, gender, determiners, plurality, possessives, adjectival agreement, 1st person conjugation) so that pupils can say and write what they are packing in their suitcase for a holiday.</p>	<p>At School (PR) In this unit pupils will learn the nouns and determiners/definite articles for ten school subjects in French. They will also learn how to conjugate the verb 'to study', an introduction to time and an expansion of opinions. By the end of the unit pupils will have the knowledge and skills to talk about the subjects they like and dislike at school (along with a justification) and at what time and on which day they study various subjects. This will enable pupils to create more detailed and personalised responses by the end of the unit.</p>	<p>At the Weekend (PR) In this unit pupils will learn ten phrases for activities they may do at the weekend in French. They will also be presented with further extension on telling the time and opinions / justifications. Pupils will have the knowledge and skills to talk about what they do at the weekend, enabling them to create more detailed and personalised responses by the end of the unit.</p>	<p>Vikings (PR) Through the medium of this familiar period of history, pupils will be taught the skills to describe themselves. They will do this as a character from the Viking period, exploring the vocabulary, adjectives and grammar involved in character and physical descriptions, allowing pupils to describe themselves and also another person by the end of the unit.</p>
