Thursday 1st September

Friday 2nd September

Friday 30th September

The remaining two dates will be confirmed in due course.

[Sickness and Diarrhoea](#)

If your child has had sickness and/or diarrhoea please remember the Public Health England guidance on infection control, which school uses as part of its policy, is that children should not attend school until 48 hours after the last episode. Not only can these infections be passed to other children but also adults in school which, in turn affects teaching and learning. Thank you.

[Informal Parents' Evening Wednesday 13th July from 3:30pm](#)

This is an event to see your child's work from this academic year and also to attend talks from their next class teacher. These talks will include expectations in terms of attainment, possible topic themes and off site visits, homework, daily routines and an opportunity to see your child's new classroom environment for next year. Details to follow.

[Assembly themes for this half term](#)

This half term, assemblies will focus on a mixture of Healthy Minds /Bodies, Learning Mind sets, Safety, British Values (democracy and rule of law). Please ask your child what they have been learning about.

[Hay Fever](#)

If your child suffers with hay fever and needs medication (medicine, eye drops, nasal spray) through the day during the high pollen season, please complete the Medicine Administration form on sQuid. Even if their medication is not prescribed. If children have their first dose of medication at home, staff can give another dose at lunchtime to help them through the day.

[Emails going to junk/spam](#)

If your emails from Operoo are going to your junk or spam folder you will need to add them to safe senders in your own settings. We are unable to make changes for you.

Water Bottles

Please ensure your child comes into school with their water bottle every day. Bottles should contain water only please, not flavoured water or fruit juice. Thank you for your support.
