EMERGENCY CLOSURE PROCEDURE

As we approach the winter months, we would just like to remind you of the following information in case of school closure:

- A text message will be sent out to all parents who are currently registered on our text messaging system. The message will go out to all designated priority numbers. (Please ensure the school has been notified if you have recently changed your number or if you wish to include another contact number)
- Parents will be asked to collect children by a certain time. Members of school staff who live nearby will remain with the children until their collection. (Please refer to the collection point information below)
- A member of staff will inform Radio Hallam and Radio Sheffield that school is due to close. If school is closing because of adverse weather conditions then it is highly likely that other schools will also close and parents/carers could listen to the above radio stations for further details as they will regularly read out a list of school closures
- If you are unable to collect your child, please do not panic. School staff will remain with the children until all the children have been safely collected. If you cannot collect your child by the specified time then please email the office with the name of the person who will be collecting your child/children on your behalf on: enquiries@coit.sheffield.sch.uk. Emails to enquiries@coit.sheffield.sch.uk will be monitored all the time on an emergency closure day, other emails you may have may not be monitored

School Re-Opening Procedure

- A text will be sent to parents informing parents of the reopening day and time
- This information will be repeated on our school website - www.coitprimary.co.uk
- Below is a list of useful websites to use for further information and updates
